

BLADES

2024/2025

THE SAFER WAY TO CUT.

martor

WELCOME TO THE WORLD OF BLADES.

MARTOR is the leading international brand for safe and efficient cutting. Businesses all over the world use our safety knives to perform a wide variety of cutting tasks without injuries. We also have a small, exclusive range of cutting tools for special requirements.

All MARTOR knives use high-quality steel or ceramic blades. A sharp blade transforms a robust, ergonomic MARTOR handle into a professional cutting tool.

This blade catalogue lists the more than 140 MARTOR blades, their properties and the MARTOR knives for which they are intended. A special feature of the catalogue is the presentation of blades (with very few exceptions) in their original size to help you find the right replacement blade.

On the topic of replacement blades, regular turning (when possible) or changing of your blade ensures optimal cutting results. Our wide range of product and service media at www.martor.com will guide you through the process.

INDUSTRIAL BLADE NO. 65

PRODUCT FEATURES

Technical features

INDUSTRIAL BLADE NO. 65 from MARTOR is a high-quality blade made of steel. It is very sharp and has one usable cutting edge. The blade is 39 mm long, 18.7 mm wide and 0.30 mm thick.

INDUSTRIAL BLADE NO. 65 is available under order number 65.83 as 200 pieces.

PRODUCT DETAILS

Blade size (L x W)	39 x 18.7 mm
Material thickness	0.30 mm
Weight Blade	1.5 g
Basic material	Steel
Ground	2-sided ground-edge
Blade facets	Double bevel edge-ground
Blade characteristics	1-cutting edge blade

PACKAGING DETAILS

Order No.	NO. 65.83
Packaging unit (PU)	200 blades (loose)
Size PU	106 x 70 x 46.0 mm
Weight PU	300.0 g
EAN Code PU	4002632909153
Quantity in outer pack	1000 blades
Size outer pack	106 x 70 x 46.0 mm
Weight outer pack	300 g
EAN Code outer pack	4002632960475
Customs tariff number	82119400

INDUSTRIAL BLADE NO. 69040

PRODUCT FEATURES

Technical features

INDUSTRIAL BLADE NO. 69040 from MARTOR is a high-quality blade made of steel. It is very sharp and has two cutting edges that can be used one after the other for a long service life. The deep edge makes cutting easier and the rounded tips increase user safety. The blade is 59 mm long, 18.8 mm wide and 0.40 mm thick.

INDUSTRIAL BLADE NO. 69040 is available under order number 69040.50 in a magazine of 10.

PRODUCT DETAILS

Blade size (L x W)	59 x 18.8 mm
Material thickness	0.40 mm
Weight Blade	2.4 g
Basic material	Steel
Ground	deep-edged, 2-sided ground-edge
Blade facets	Double bevel edge-ground
Safety feature	rounded blade tips
Blade characteristics	2-cutting edge blade

PACKAGING DETAILS

Order No.	NO. 69040.50
Packaging unit (PU)	10 in magazine
Size PU	66 x 36 x 16.5 mm
Weight PU	40.3 g
EAN Code PU	4002632921742
Quantity in outer pack	10 magazines
Size outer pack	166 x 69 x 38.0 mm
Weight outer pack	440 g
EAN Code outer pack	4002632973062

THE PICTOGRAM LEGEND.

BLADE PICTOGRAMS AT A GLANCE.

Our pictogram system helps you to find the optimal product for your needs. The icons provide information such as the number of usable cutting edges, cutting edge type and chemical properties.

TECHNICAL FEATURES

All blade details

 2-cutting edge blade	 4-cutting edge blade	 Stainless	 TiN-coated
 Rounded-tip trapezoid blade	 Rounded-tip hook blade	 Rounded-tip industrial blade	 Rounded-tip scalpel blade
 Rounded special blade	 Wide ground-edge	 Serrated edge	 1-sided ground-edge
 2-sided ground-edge	 Ceramic	 Acid-resistant	 Non-magnetic
 Non-conductive	 Chemically inert	 Non-oiled	 Non-rusting

OUR ADDITIONAL MEDIA: THE KNIFE TO MATCH THE BLADE.

The capabilities of our quality blades are fully revealed when installed into a MARTOR handle. Handle and blade are the basis for successful cutting. Our catalogues and brochures present our safety knives and other cutting tools. They also inform you which knife requires which blade for efficient and safe cutting based on the knife's handle.

SAFETY KNIVES

- Catalogue with all MARTOR safety knives and scissors
- 152 pages
- Including all product variants, mountable blades plus accessories
- With information about the company and brand as well as a large service section

CUTTERS AND SPECIALITY KNIVES

- Catalogue with all MARTOR cutters and special knives (scrapers, scalpels and deburring tools)
- 54 pages
- Including all product variants, mountable blades plus accessories

PROMOTIONAL KNIVES

- Catalogue with all printable MARTOR safety knives, cutters and special knives
- 77 pages
- Including all printable product variants
- With information on the benefits of promotional knives plus a service section

MDP KNIVES

- Brochure with all metal and X-ray detectable MARTOR safety knives
- 16 pages
- Including mountable stainless blades
- With information on the benefits of MDP knives plus a service section

APPLICATION CATALOGUE

- Brochure with the most common cutting applications in logistics and production and the appropriate MARTOR safety knives
- 20 pages
- Including mountable blades
- Information on the benefits of safety knives and a customer service section

OUR WEBSITE. WITH CUSTOMER-ORIENTED SERVICES.

When looking for the best possible product there is nothing like personal assistance, which is one of our strengths. Nevertheless, we would like to satisfy your needs in the best possible way also in other areas – e.g. on our website www.martor.com. Where you can find functionalities, such as the product filter, providing you with an even better overview of our cutting solutions.

Filter all

Which material do you want to cut? And what technical properties should your safety knives have? You can access a selection of suitable products quickly and comfortably through these and many other filter functions. A suitable supplier can be found, for example, via our new distributor search.

WWW.MARTOR.COM

Compare all

No doubt there are cutting tools in our product range that are similar. So it's worth it to take a second view. With the functionality to compare products, you can select up to four knives and blades and check them against each other. Discover the product details to find the most suitable solution.
